To whom it may concern:

Dear Sir / Madam

Re: Reference for Karol Wisniewski

I would like to confirm that Karol has been an invaluable member of our production team from 28/08/08 to 13/03/09.

During this time I have found him to be very competent in his position as level 1 and 2 repair engineer on our Phones 4U line. He has been a hard working, conscientious and very reliable member of staff. Quick to learn, Karol has become a valued asset in our production team. He is extremely computer literate and regularly hits and exceeds targets

I have no problems recommending Karol for any job as I believe that he has the required intelligence, drive and ambition to succeed in any job that he applies for.

His attitude to work is second to none and both his attendance and time keeping are exemplary.

As a valued member of my team I am sorry to see Karol leave but would like to wish him all the best for the future, I would also not hesitate to re-employ him again if the occasion arose.

Yours Sincerely

Lukasz Bara

Supervisor Phones 4U Line
